Leisuretime LT3000 Series

British made

The Leisuretime LT3000 Series meters are coin, token or card operated electronic timers. They provide secure, reliable and affordable timing metering solutions for a wide range of applications.

The LT3000 series represents excellent value and has many features incorporated as standard. Available in three versions – Coin or token meter (LT3100), one shot card meter (LT3200) or a power sensing meter that only counts down when power is being used (LT3500). The meters can be personalised with customer's own logo and details.

These British designed and made products come from a manufacturer with over forty years experience in meter design and manufacture.

The LT3100 is a coin or token meter

- ✓ Dual or single coin operation including Euros and other foreign coins
- ✓ Token operation (different types available)
- ✓ Single coin or pre-set tariff per session
- ✓ Resettable & non-resettable hour and coin counter

The LT3200 is a one shot card meter

- ✓ Single use disposable cards
- ✓ Secure cashless system
- ✓ No coin box to empty
- ✓ Resettable and non-resettable hour and card counter
- ✓ Personalised cards available

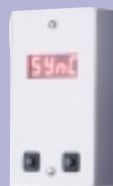

The LT3500 is a coin or token meter with current sensing

- ✓ Only counts down when power is being drawn
- ✓ Dual or single coin operation including Euros and other foreign coins
- ✓ Token operation (different types available)
- ✓ Single coin or pre-set tariff per session
- ✓ Resettable & non-resettable hour and coin counter

Remote Display module

This Remote Display module is an optional extra for the LT3000N series meter, to which it is connected by a simple to install networking cable. The module displays the remaining credit and can be fitted into a standard UK two-gang wall socket box at a remote location.

Remote start/stop

The Remote Stop/Start station can be fitted to any of the LT3000 series meters. It allows the client to remotely stop and start the timer.

Standard features

- ✓ Up to 2 coins
- ✓ Any currency
- ✓ Accumulative
- ✓ Lockout
- ✓ 4 digit display shows minutes and seconds or hours and minutes
- ✓ Shows remaining credit
- ✓ Pre or wait time
- ✓ Fan overrun
- ✓ Voltage free output
- ✓ Radial 8 pin lock
- ✓ Remote start
- ✓ Buzzer

Optional extras, to be requested on ordering

- Override key switch (for match play & maintenance)
- Remote display module
- Remote start/stop switch
